The diagram shows a top-down view of a car chassis with the following components and labels:

- Front Suspension:** Two boxes labeled "Temp" are positioned above the front suspension components. Below them are two boxes for "Bump:", "Rebnd:", and "Spring:" measurements.
- Rear Suspension:** Two boxes labeled "Temp" are positioned above the rear suspension components. Below them are two boxes for "Bump:", "Rebnd:", and "Spring:" measurements.
- Temperature:** Four boxes labeled "Temp" are connected to the chassis by lines, indicating measurement points at the front and rear suspension and wheel areas.
- Pressure:** Four boxes labeled "Tryk før" and "Tryk efter" are placed at the front and rear of the car, indicating tire pressure measurement points.
- Asphalt:** A section labeled "Asfalt tilstand" includes three checkboxes for "Tør", "Fugtig", and "Våd".
- Tire:** A section labeled "Dæk valg" is located below the asphalt status.
